

## Reach for the Star!

Below is some guidance on how to hit your target in Geography. Thorough revision is the key to success. The tips below will also help. Be ambitious and aim high!

A*	<ul style="list-style-type: none"><li>• I complete all questions in tests and exams</li><li>• I read questions extremely carefully and always choose the right case study for my answer.</li><li>• I always name my case studies and include detailed facts and figures from these in my answers</li><li>• I always use proper geographical vocabulary (e.g. Hydraulic action or life expectancy) and explain each term</li><li>• When analysing resources like graphs and maps I always include evidence from the resource in my answer</li></ul>
